We don't feel the trading hours should be extended. This is a very residential area. There is quite a lot of noise Friday and Saturday evenings when the pub closes as people leave, quite often shouting and we tolerate it now with sometimes being woken at 11.30 and wouldn't want to hear people gone midnight as they leave.

We're pleased the pub is doing well and are glad they're making a go of it, but they need to appreciate the families in the area who need sleep.

I'm writing to object to the proposed hours to sell alcohol and play recorded music at Park Inn. Whilst I'm happy to see the pub reopened, I can't agree with its proposed open hours. My wife suffers with mental health and takes medication which affects her sleep. I also work 12 hours shifts during the weekends and need a good night's sleep to cope with my work demands.

This is a residential area. Since Park Inn has reopened there has been lots of arguments late at night at Radnor Park Road right after the opening hours of the pub. I can tolerate Mondays to Sundays between 11:00 and 23:00, but later than that will really affect our health and work performance.
I hope this letter will be read with sympathy.

The problem with allowing Park Inn to serve drinks and play music on Saturdays until 12:30 is that their customers remain in the area and are very noisy and very often we can hear arguments and lots of shouting late in the night. These issues have been happening since the pub was reopened, yesterday it happened again.

As a resident along Broadmead Road quite close to the Park Inn Hotel, I am against the elongation of opening hours as requested in Process number PR202207-80409.

The live music played is typically far too loud inside the venue and when the Broadmead doors of the venue are open it is too loud along the street. We are fed up with the current level of antisocial behaviour at night (typically Friday & Saturday) as patrons enter and exit the Park Inn to go to and fro from cars and vans. They talk, shout and occasionally rev their engines and have fights. It appears that some are

purchasing and taking drugs quite openly along the one-way section of Broadmead Road. I am not suggesting the owners of the Park Inn Hotel are complicit in this.

Our family do not want the opening hours nor the supply of alcohol on/off sales, nor the playing of recorded music to be extended to midnight as per Process number PR202207-80409.

The licencing objectives that would be affected by the proposed variation are;

Preventing crime and disorder
Public safety
Preventing public nuisance

I am emailing in protest of the intended extension of licensing hours for the park inn hotel. This pub is already causing disruption to residents which needs to be addressed and an extension of hours will only make this worse. The premises has loud live music playing and keeps the doors open which makes it ten times louder. There is no thought for the residents. All of the parking spots are being used in our road by people going to the pub.

The side entrance to the pub is on Broadmead Road which encourages patrons of the pub to spill out onto the street. We have had people drinking outside our house, there is constantly broken glass and bottles scattered everywhere and glasses from the pub left all along the road on people's garden walls. This is not just a problem of people loudly leaving the pub (although this is a huge issue) this is the parameters of the pub extending out into a residential street. There is also a lot of anti social behaviour from patrons of the pub including fighting and drug taking. The police have been called on more than one occasion. I have seen and heard people doing balloons and cocaine on our front wall which is completely unacceptable.

All of these issues will only be exacerbated by extending opening and licensing hours. I do not think it is acceptable for a pub that seems to have no care for local residents should be given the responsibility of handling patrons leaving their venue past midnight. It is already disruptive enough as it is and I do not think this extension of hours will be handled sensibly and sensitively by the current owners of the Park Inn Hotel.

Please take all of these things into consideration when deciding on this request from the Park Inn Hotel.

I am writing to object to the application to extend the Licence Variation at the Park Inn Hotel.

Our material concerns are antisocial behaviour, noise, littering and crowds gathering after 11pm on Broadmead Road. Unfortunately, we are seeing the above happening already (and reports made to council, police and environmental health by a number of households), and residents have concerns that this will only worsen and happen later into the night with more alcohol consumed. This is a residential area, and exit noise is currently over by 11.30pm. If things were to get later, I foresee great damage to quality of life for residents to unacceptable levels.

On a side note, noise when music is played is very disruptive. With adequate sound proofing I'd imagine we'd all be happier and warm in support of this local business.

The representation below was signed by 9 additional residents in addition to some of those who sent in the above representations.

With reference to the above "Application to extend the Licence Variation" at the Park Inn Hotel, we the undersigned strongly object to this extension being granted.

This will cause a considerable amount of unsociable noise after 11pm in this residential neighbourhood. It has also been noted that in the past there have been many occasions where there has been "antisocial behaviour" culminating in loud noise people being drunk, leaving bottles and cans on the walls and having arguments causing even more disruption in the Broadmead Road Neighbourhood .

We regard that this extension in the licence will just exacerbate this noise and behaviour and will no doubt carry on well past 11pm. Which is not appropriate for this area. People leaving the Park Inn after drinking hours and with the extension of the music essentially creates a lot of arguments in Broadmead Road after closing causing a great deal of nuisance to the neighbours, being ourselves.

We, therefore, ask that this extension to the licence be refused accordingly and the following neighbours in Broadmead Road have duly signed their concerns likewise, notwithstanding that each might have sent in a letter asking that the licence be refused.

We hope that you will respectfully consider our petition and refuse this extension.

Vincent Crofts
