Subject: FOI 2011010117 (M3134-a5)

Dear Mr Large

Freedom of Information Request Reference No: 2011010117

Thank you for your request for information received 12 January 2011, which I am dealing with in accordance with the Freedom of Information Act 2000.

I respond below to your requests in the order that you raised them.

a) DSC for the Magnox Dungeness A NPP site; - Not held by the Health & Safety Executive

b) DSC for the AGR Dungeness B NPP site; - Not held by the Health & Safety Executive

c) DSC/SSA for the then proposed Dungeness C new build NPP ; - Already publically available

In support of the Government's Strategic Siting Assessment for Dungeness 'C' new build NPP, the HSE's Nuclear Directorate carried out a demographic assessment based on night time residential population. HSE concluded that, at a strategic level, any likely power station development within the nominated site boundary complied with semi urban demographic criteria. The HSE's final assessment (copy attached) was published in the Department of Energy and Climate Change's Draft Nuclear National Policy Statement (Part 5) and subsequently in the Government Response to the consultation on the draft NPS's for Energy Infrastructure: and is available at <http://data.energynpsconsultation.decc.gov.uk/documents/ssacriteria/dungeness.pdf>

If you have any queries about this letter, please contact me. Please remember to quote the reference number above in any future communications.

If you are unhappy with the decisions made by HSE you may ask for an internal review within two calendar months of the date of this letter by writing to me.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at:

The Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
